Come and listen to a talk by Nigel Scott who will provide details on the incredible complexity of the gut and its importance to our overall health. This is a topic of increasing research in the medical community. Numerous studies in the past two decades have demonstrated links between gut health and the immune system, mood, mental health, autoimmune diseases, endocrine disorders, skin conditions, and cancer.

**News from the Daylight Centre (20th May)**

Firstly, thank you so much for your generosity to the Daylight Centre thus far, we are hugely grateful of all that you are able to give and it makes such a huge difference to the impact we can have on the local community. The response to our previous email was incredible and we have managed to continue to deliver and meet the needs of many households experiencing hardship in the local area. We are extremely thankful of all the support you continue to give us! Whilst we have stocked up on lots of essential items going into our food parcels in the last few months, we are still low on many of the products that fill our boxes. These items go out to over 20 families, couples and individuals in the local area daily are finding it difficult to support themselves in these trying times and need a little bit of extra support from the Daylight Centre. You have no idea how much of a difference any size of donation can really make!

We are continuing to see the demand for food parcels increase with the rise in bills, fuel and living costs and last week alone we delivered to over 100 households in and around Wellingborough. We are still finding that we have a dwindling supply of food and, therefore, are concerned about our ability to sustainably continue to meet the already booming demand for support.

We are therefore putting out an urgent call for food supplies. We understand that the current climate makes giving extremely difficult and we urge that you only support as and when you are able to do so. We are currently low of quite a lot of items that are staples in our food parcels and I have attached our urgent flyer if you would like to have a look at what we are in desperate need of.

**WE DESPERATELY  
 NEED YOUR FOOD  
 DONATIONS!**

Last week alone we delivered over 100 food parcels in the local area. With this rise, we have dwindling provisions to give out and we are struggling to sustainably meet this demand.

If you can donate any of the following, you would be helping hundreds of households experiencing food poverty:

Toilet Roll	Long-Life Juice
Custard	Tinned Fruit
Crackers	Tinned Vegetables
Tinned Tomatoes	Long-life UHT semi-skimmed milk
Long-life UHT whole milk	Jam
Pasta Sauce	Cuppa Soup sachets
Microwave Rice
